

TOYS THAT TEACH

Utah State Event | Levels 1, 2, 3

TOYS THAT TEACH, an individual event, recognizes members for their ability to design, build, and demonstrate an original homemade toy which provides learning and play for either an individual child or small group of children. The toy is to be constructed of common, everyday household items, meet safety guidelines, and be easy to carry and use.

1. Each chapter may submit two (2) entries in each level of this event. Entries will be available on a first-come, first-serve basis. The conference facility and schedule will determine the number of entries.
2. Participation is open to any fully affiliated FCCLA member.

Students who compete in a STAR Event may also compete in this Spectator STATE Event as well.
