FEBRUARY 2020

OFFICIAL NEWSLETTER
Hello everyone, I hope you are all enjoying your year in FCCLA. As you probably know, State Conference is fast approaching and we would like to see everyone there. That said, I know this conference can be a little scary for those who are competing in a STAR event or running for state office. To help relieve some of this pressure I’ve compiled my top three tips for succeeding; while not applicable all the time, these tips are what got me through my first state conference and led to me becoming a state officer and competing at the national level. Confidence is Key. The first and most important tip I can give is to be confident, or pretend you are. Last year, I was a nervous wreck but I knew that if I could pretend to be confident others would believe it, and I ended up believing in it myself. Just remember, you are the only one who can bring what you do to the table, and you might just be the person we need for the job. If you can pretend to be confident others will believe it, and look to you to lead them. Also, for those competing in a STAR event, when you are confident judges are more likely to believe and listen to what you are saying. Be Prepared. Whether you are competing in a STAR event or running for office, it is imperative that you have everything you need to succeed. Make sure all of your required documentation is with you and you know exactly what you are supposed to be doing, if you are unsure, ask questions. We at FCCLA are always happy to help and make sure you have everything you need! Enjoy Yourself. Always remember that you are in FCCLA because you enjoy it. When you look back at your school career you are most likely going to remember the fun experiences you had, not how many awards or titles you won. You only have so many years in school and it is important you fill them with something you want to do. In the end, we want you to have fun at State Conference and we are always willing to help make sure you do. We hope to see everyone there!
Hello Utah FCCLA I’m Jannica Johnson your 2019-2020 Utah FCCLA First Vice President. I’m a Junior at Cedar High School and on the tennis and golf team. I have been apart of FCCLA since my freshman year and loved every minute of it. I’m five foot short and have played the violin for 7 years. I spend most of my summers working in Zion National Park for the grandparents horse riding business. When I’m not working, I love to be with family and friends. I love being apart of FCCLA because it has helped me to realize the opportunities hard work can give you. My first year I competed in Advocacy, which is now Public Policy Advocate and with a lot of hard work I was able to make it to nationals in Atlanta Georgia. Running for a state officer was hard work but has provided me with great leadership opportunities and has allowed me to grow my potential in life. I love FCCLA and am so excited to meet more FCCLA members and make this year one to remember!
Congratulations Brighton FCCLA for an amazing night partnered with project underground railroad!
