

Region 3 Advisers:

I am so excited for this year in FCCLA.

My name is Candace Wilson for those that are new reading this. I am happy to serve you as the region 3 adviser. If you need any help with running your chapter please reach out. I teach part time at Westlake High School and am the FCS specialist for Alpine School District.

I love FCCLA and know how much it can benefit our students inside and outside of the classroom. I have been an adviser for 21 years. I don't know it all but am truly here to help you and your students **Dare to Dream.**

We will be having a region activity on November 6th at Classic Skating in Orem. 4:00-6:00 There will be no funds this year to support it from the state so what we charge the students will be how much the activity costs. It is only \$6 for skating and all the other activities except for arcades. **You will pay Classic Skating directly.** There is no outside food or drink allowed but they are allowing us to bring in cookies to share. We are asking each chapter to provide one dozen cookies. Students will need to pay for any drinks or food they may want to purchase there. Your amazing state officers have helped to plan the activity. They will have a service project as well and a get to know each other activity. We are renting out the large room they have for a gathering place.

Please save the date! **Region 3 conference/competition will be held at Lone Peak High School on February 5th from 2:00-8:00.** Culinary Arts and the Baking and Pastry Events will be held the same day. More details to come. We had good feedback with how the format was last year. We know there is room for improvement. You can still share any ideas or concerns with me. Thanks to Becky Cox and Paige Wright for helping run the conference again this year.

Keep in mind the following resources:
